APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all existing rights and is further subject to revocation when water is available from the Las Vegas Valley Water District and is limited to what the well will produce but not to exceed 1.0 c.f.s. If well is flowing, a valve must be installed and maintained to prevent waste. A meter must be installed in the discharge pipe line near the point of diversion, and accurate measurements must be kept of water placed to beneficial use. The use of this well is limited to irrigation (golf course) purposes. It is understood that this right must allow for a reasonable lowering of the static water level at permittees well due to other ground water development in the area. This source is located within an area designated by the State Engineer pursuant to NRS 534.030; therefore the State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.0 cubic feet per second and not to exceed a yearly duty of 5.0 acre-feet per acre of land irrigated.

Actual construction work shall begin on or before July 7, 1960
Proof of commencement of work shall be filed before August 7, 1960
Work must be prosecuted with reasonable diligence and be completed on or before July 7, 1961
Proof of completion of work shall be filed before August 7, 1961
Application of water to beneficial use shall be made on or before July 7, 1964
Proof of the application of water to beneficial use shall be filed on or before August 7, 1964
Map in support of proof of beneficial use shall be filed on or before August 7, 1964
